And die tonight

There is a voice speaking inside

Sneaking around just like a shark

And your heart is its prey

It says you should go away

And stop the fight

Like a fog, like a mist, it's gonna disappear

Couplet 2

It is a burglar, it's a thief

Hiding itself in disbelief

Taking away your joy

It will always ask for more

Until there is nothing left

It says it answers everything

It makes you think you have it clear

It's just a way to trick you

It doesn't want to treat you

It wants you blind

Bridge
