

Song for Charles

(Paroles et musique: Gaël Cosendai)

Intro : Ré Do Sol/Si (4x)

Couplet 1

Ré
 Let my voice be heard // In the sound of the silence
Sim Do
 Let it whisper loud // For my friend in the distance
Mim Ré
 Let it rise, let it rise
 Let it fly above the ocean // Surfing on the sea
Sim Do
 Let it find the way to your prison // Let it dry your tears
Mim Ré
 Let it rise, let it rise

Refrain

Sol
 Let it cross the iron doors
Sim
 Let it resound through the walls
La
 Let it bring light in the shadow
Sol
 And hope in the death row

Couplet 2

In your grief in your pain // You are not alone
 We've heard of your chains // Now they are our own
 Let them break, let them break
 So never be afraid // Though the days are long
 Remember that you prayed // If you're weak then you're strong
 Don't give up, don't give up

Refrain

We will not stop the fight
 Because an innocent is trapped
 The world must know what's going on
 In the death row

Bridge

Lam Ré
 You will walk in grass again
Lam Ré
 And dance under the moon
Lam ré
 You'll take your loved ones in your arms
Lam Ré
 And they will drive you home

Refrain

So let your eyes look high
Through the window see the sky
With God you can be sure you are
In the life row
